

GUY'S FARM and YARD

May 6, 2020

Guy's Farm and Yard Customers:

We want to take a moment to update you all on our current business model and thank you for your support and patience over the past six weeks.

We understand this time has been challenging for everyone. And, while we know things were far from perfect as we worked out our curbside pick-up business model, we cannot thank you enough for your patience and support through it all. We are also extremely grateful for and proud of our staff who tirelessly worked to ensure our customers were well-served during a stressful time.

With the spring season upon us, and the Governor slowly making moves to restore some normalcy, we decided it was time to open our showrooms back up. This allows you to once again shop within our stores.

We are requiring that all customers and staff still adhere to strict social distancing practices, while in and around our stores. We are also mandating that all staff and customers wear facial masks/coverings when shopping with us until further notice. We understand that mask requirements are a controversial subject for some people, however, we've made this mandate in order to take every precaution necessary to protect our staff, our customers, and their families.

All locations are once again operating with normal business hours. We've posted signs within our stores providing safety and policy disclosures. Please respect requests from our staff regarding safety and procedures. We will happily continue to provide curbside service if you feel more comfortable with that method of shopping.

Thank you for your continued support and understanding,

Will Guy

Sam Guy
